

ENVIRONMENTAL POLICY

We are aware that our operations can have an impact on the environment and therefore are committed to the continual improvement of its environmental performance by:

- Complying with legislative and ethical standards concerning the care of the environment and prevention of pollution.
- Sourcing and supplying products with a low environmental impact whenever possible.
- Managing our energy and waste consumption through reduction, reuse, recycling and recovery.
- Reducing the impact of vehicle emissions where practicable and appropriate.

RoHS (Restriction of the Use of certain of Hazardous Substances in Electrical and Electronic Equipment and WEEE (Waste Electrical and Electronic Equipment) and CE Marking.

- All EU suppliers are required to comply with the RoHS and CE Marking Regulations.
- Where goods are purchased outside of the EU a Certificate of Conformity is requested with each order.
- All cables inside and / or as extensions or connections which are part of the equipment at the time of discarding are considered Weee. All cables used for fixed installations fall outside of the scope of Weee.
- Any products supplied by UK Cables Ltd are sold as a component or for fixed installation and therefore not subject directly to the Weee regulations.
- Faulty product is either returned back to the manufacturer or responsibly disposed of by UK Cables Ltd through a registered scrap yard.
- Products which have reached their end of life are disposed of through customer channels.
